

## Latest New Product News

### Products or services this company supplies:

- [Volatile Organic Compound \(VOC\) Emissions Monitors](#)
- [Volatile Organic Compound \(VOC\) Emission Detectors](#)
- [Indoor Air Quality Monitors](#)

### [VOC Sensor integrates into IAQ monitoring systems.](#)

#### **AppliedSensor Inc.**

Warren, NJ 07059

**Mar 17, 2009** Designed for integration by OEMs into Indoor Air Quality monitoring systems, AS-MLV VOC

Sensor Component detects presence of VOCs such as alcohols, formaldehydes, ketones, organic acids, amines, and aliphatic and aromatic hydrocarbons. Device consumes 40 mW and operates in environments with ambient temperature of -40 to 120°C. Component is available on TO-39 4-pin header with protective membrane, or as complete module for integration into building automation systems.
